2. A MESSAGE FROM THE CO-CHAIR WOMEN

We are very excited about all of the developments of the Radiance Foundation that transpired during the past year. Not only have all of our SARS registrations been approved, but our team members have fitted so perfectly into their respective roles and responsibilities. We welcome Anita Janse van Rensburg as a valuable team member who has cleared our path in many ways with regards to legal and administrative aspects. Our foundation is now ready to go full-steam ahead again with cataract surgeries at the Eerste River Hospital on Saturdays with all of the requirements in place.

Dr van der Merwe's presentation on cataract surgery and the Radiance Foundation at the Health Department's Forum has sparked serious interest in our cause, and we look forward to collaborate with all interested parties in the months and years ahead! Further exciting news is that, due to the initiative of Dr van der Merwe, surgeries are now also being performed at the False Bay Hospital.

Our dream of reaching the World Health Organisation's target by making the Cape Town Metropole the first sub-Saharan health district to reach the coveted 2000 cataract surgeries per 1 million people, is definitely now becoming a reachable goal!

A big thank you to all parties involved thus far!

Madeleine

Radiance Foundation is proud to stand at the foreground of making a tangible difference in peoples lives.

Our name is our foundation, entrenched in bringing hope and rays of light into our community by being that brilliant and radiant energy we all strive for. Bringing that happiness and joy into peoples lives and having it shine and sparkle from within is what we live for. We are inspired and driven to make a significant difference and seek the best and greatest potential in people's lives.

Our dream is to serve the community unselfishly and love all as we are loved from above.

From the bottom of my heart to this brilliant Radiance team; Madeleine, Izak, Junet and Anita. Thank you for your inherent passion towards the community that reaches far beyond your own borders and comforts of your daily lives. Your hard work and dedication reflects that warm blaze that shimmers from your hearts.

Let us continue to be a shining beacon to our community and that radiant beam of light that lights the path to make life's journey an easier, healthier and happier one.

God bless

Ulrica

3. HIGHLIGHTS OF 2014/2015

The Radiance Foundation is proud of the following highlights:

3.1 SURGERIES

The Eerste River Hospital with their world class eye clinic and innovate two bed operating system does wonders to reduce the cataract surgery waiting list in the Western Cape.

The Radiance Foundation is proud to be associated with this clinic, and we have been able to sponsor 60 cataract operations to date. We look forward to keep on assisting in eradicating cataract blindness in our province!

3.2 HEALTH FORUM PRESENTATION

We had the privilege to introduce the Radiance Foundation and our project at a forum of the Western Cape Department of Health held at the Lentegeur Hospital on 16 September 2014. The topic of the day was "Establishing future relationships for private public partnerships". Great interest and enthusiasm was shown in taking this project further and making the Cape Town Metropole the first sub-Saharan health district to reach the World Health Organisation's goal of 2000 cataract surgeries per 1 million people.

3.3 DONATIONS

We want to thank all of our donors to date, and as soon as the tax exemption for donors is in place, we will be able to liaise further with interested parties and possible donors. The expected date for the foundations' tax exemption registration for donors is 8 July 2015. The good news is that we have many eager groups and individuals in line willing and ready to support our cause!

3.4 SARS REGISTRATIONS

We are proud to announce that we have the following registrations in place:

- NPO number: 144-876 NPO – obtained on 6 November 2014
- SARS income tax number: 9800138167 – obtained on 15 May 2015;
- SARS PBO Number: 930049128 – necessary for income tax exemption as Public Benefit Organisation registered in terms of Section 18A.
- Registration as Employer with SARS (PAYE): tax reference number: 7950789604 - finalised on 19 June 2015

The following registration is in process:

- Section 18A tax exemption for donors – within 36 working days from 15 May 2015, i.e. estimated to be finalised by 8 July 2015.

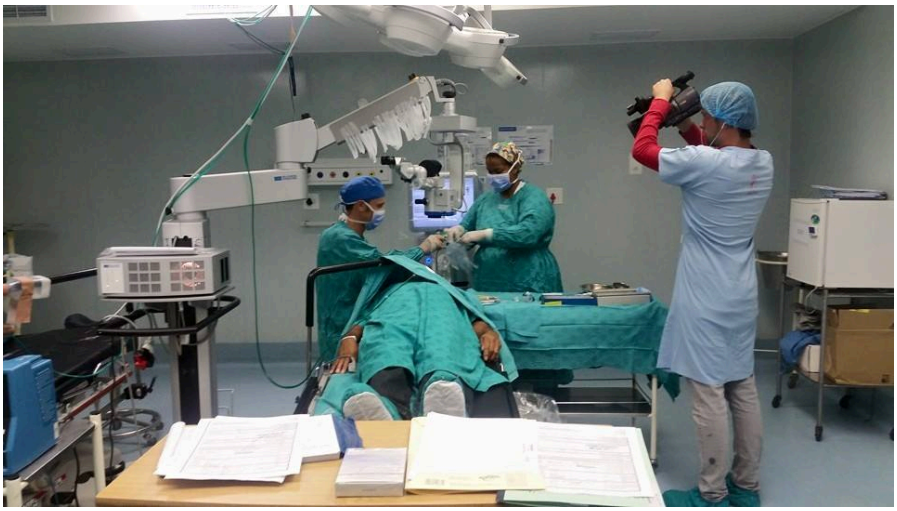

3.5 MEDIA AND BRANDING

We are very grateful to have Riaan Viljoen on board who have assisted us in making our first promotional video and taking promotional photos at the Eerste River Hospital. We also want to thank Johan Coetzee who has been collaborating with us in the creative process concerning our brand, and who did a photographic shoot with our team for our website and Facebook page. Our website (http://www.radiancelight.co.za/) was created in 2014 and we are constantly in the process of updating it along with our other media tools.

In 2014 Dr Van der Merwe did a radio interview on Smile Radio with regards to our community work, and the Radiance Foundation had the privilege to be invited to take part in a documentary on free health services in the Western Cape which was commissioned by Cape Town TV. The camera crew filmed cataract surgery being performed at the Eerste River Eye Clinic, and interviewed Dr. Junet van der Merwe and Anita Janse van Rensburg on the need for cataract surgery and how the Radiance Foundation can bridge the gap between needs and resources available. The Cape Town TV documentary was aired on Thursday 7 May 2015 as part of the program, Our City.
